## **Experience Peru, A Cultural & Culinary Immersion in NYC**

**La Pulperia restaurant and Peruvian chef, Magaly Ponce, partner up  
to bring a Peru themed experience to NYC**

**(New York, New York)**- On Tuesday March 19<sup>th</sup> at 6pm, **La Pulperia Upper East Side** will be hosting a Peruvian Themed Experience curated by Peruvian chef, Magaly Ponce and her team. The diversity and uniqueness of Peru is the main concept of this event, where food, cocktails and live performances are inspired by the country's Coast, Andean and Jungle.

**Chef Magaly Ponce** has created a menu that showcases each region's singularity through their most emblematic traditional dishes. **Pisco 100** is bringing a selection of cocktails created by barman-guest Christian Asca from **Pandilla Pisco**. **Cuzqueña Premium Beer** will have its traditional Golden Lager and fairly new, Dark Lager. Live performances by **Miguel Angel Saire's Peruvian Dance Academy** and a special **Afro-Peruvian show by Huevito Lobaton & Yury Juarez**, will entertain the night and make attendees dance at the rhythm of Peruvian music.

Victor Medina, general manager at La Pulperia says "The purpose behind the event is to bring a unique experience to New Yorkers. For us to be the hub of this experience is such an honor because Peru is a country I love and respect". Chef Magaly Ponce adds "Peru is so rich and diverse that deserves to be recognized beyond its delicious ceviche and tasty Pisco Sours. This is why we have come up with a menu than brings more than that".

*Experience seeker* tickets are sold through [Eventbrite](#) and [Facebook](#). Each ticket includes access to the event from 6pm to 10:30pm, eight Peruvian dishes & two desserts, Pisco 100 cocktails, Cuzqueña Premium Beers and live entertainment.
